Study Session: Middle School Gymnasiums

Deputy Superintendent Vern Medeiros provided an overview of the State Joint-Use Program (SB15), designed to address the lack of facilities in existing schools and reviewed the proposed Plaza Vista project, including projected costs, possible funding sources, and time line parameters. Possible impacts and other issues needing to be addressed were presented for the Board's consideration.

Community member Brad Allbright addressed the Board in strong support of the project and expressed confidence in his ability to secure 100% funding from individual donors for this project, as well as any future projects the District deemed desirable.

The Board discussed the need to consider other items which might be funded through SB15, the need to maintain equity among school sites, possible negative impacts on IPSF fund raising efforts, and possible community opposition due to traffic and lighting implications. Several Board Members also expressed a reluctance to spend district funds for upfront application costs (\$25,000 per application).

The Board requested that the item be agendaized for further discussion at the 8/30/05 regular board meeting, and requested staff to obtain additional information regarding potential donors, similar projects in other districts, other possible uses for SB15 funds, and confirmation of the endorsement of IPSF.
