

- x Create and provide training for media technicians, credentialed librarians, and related staff to support information literacy, inventory, collection management, and circulation best practices.
  - x Oversee the adoption, distribution, and management of district curriculum resources, including textbooks, peripheral materials, and online resources.
  - x In coordination with Education Services, plan for and initiate textbook adoption cycles. Anticipate curricular needs and establish timeframes and work plans to successfully select, procure, and distribute new texts and associated resources.
  - x Negotiate textbook adoption contracts including licensing agreements, current and future textbook counts. Incorporate staff feedback, past user experience, technical needs, and IUSD and regulatory requirements into negotiations.
  - x Supervise the procurement and distribution of new curricular resources, including purchasing procedures, warehouse deliveries, inventory management and school site distribution, library cataloguing, and circulation. Communicate with school and district staff about curriculum procurement updates, textbook procedures, and related information.
  - x Coordinate implementation of online curricular resources with Information Technology to ensure legal compliance, supportability, successful integration, and student access needs are met.
  - x Coordinate with Maintenance, Operations and Transportation staff and school site staff to warehouse and distribute materials.
- 
- x Coordinate and oversee district response to audits and other inquiries related to access to instructional materials.
  - x Analyze business and educational processes; make recommendations for improvements; apply technology to streamline existing workflows.
  - x Identify gaps and opportunities for improvement in current systems and related procedures.
  - x Develop and implement plans for improvement.
  - x Plan and manage large and complex library/media projects, including requirements definition, stakeholder engagement, product selection, scheduling, implementation, and closeout.
  - x Coordinate the work of assigned project team members, consultants, vendor partners, and other personnel to ensure successful curriculum implementations.
  - x Evaluate software and other technology products for overall quality, fitness for use, and alignment to user requirements in regards to library/media.
  - x Create work plans and monitor progress of project and operational tasks. Reconcile competing priorities to provide clear direction to project teams and other staff and consultants.

**LICENSES/CREDENTIAL:**

- x Valid California Credential authorizing service in grade levels and areas assigned.
- x Valid California Administrative Services or other related Services credential
- x Valid Teacher Librarian Services Credential
- x Possession of a valid California driver's license
